

## November is National Novel Writing Month.

Founded in 1999, the fiction-writing extravaganza encourages everyone in the world to spend November bashing out a novel. Not for fame or fortune. But because it's monkey-barrels of fun.

We're proud to support local **young writers** taking the plunge by offering our space as a noveling zone.

If you're a kid or teen, and the sight of all these creative types gets you thinking that maybe it's time you got started on *your* novel, well...it probably is. Come on in and ask us how you too can become a novelist in November
